Freedom to roam.
Life to the fullest.

easy sport open

Well equipped.
Well designed.
Well priced.

Ultra
lightweight

Designed to simplify your travels, **Sterckeman caravans stand out for their light weight and compact design**. Easy to tow, even with many everyday vehicles, they allow you to hit the road with confidence and easily reach the most beautiful destinations.

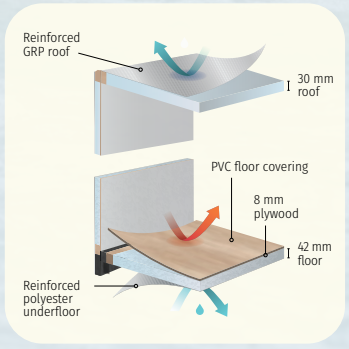

French
manufacturing

Sterckeman caravans are built in **Tournon-sur-Rhône, Ardèche (France)**, at one of Europe's largest production sites. Since 1945, the brand has relied on recognised expertise to design reliable, durable vehicles.

IRP
Technology

All our caravans are manufactured using the exclusive IRP process, combining high-performance materials and smart design to ensure better insulation, enhanced strength and optimal protection over time.

Accessible
comfort

Sterckeman offers accessible, well-equipped caravans, designed to deliver essential comfort without compromise. Smart layouts allow everyone to find the right model, **featuring some of the most comprehensive standard equipment on the market**, for worry-free travel from the start.

Choosing
the right caravan

Ideal for getting started and short trips

Regular trips

Experienced users and long stays

Profile

Couple, family, beginner or experienced: the layout and number of berths should match your needs.

Usage

Short getaways, regular road trips or extended stays: every travel style has its ideal caravan.

Budget

Your budget: accessible or more equipped models define your level of comfort and available options.

Vehicule

Towing capacity and stability: compatibility that ensures safe and comfortable driving.

EQUIPMENT

100% compression refrigerators

All our caravans are equipped with compression refrigerators, ensuring optimal performance regardless of the outside temperature: even in the height of summer, your food and drinks stay perfectly fresh.

Quiet, fast and efficient, they offer a level of comfort comparable to home use.

Two capacities are available to suit all your trips:

- **A compact 84 L model,** ideal for short getaways
- **A 150 L XL Freeze refrigerator,** including 15 L freezer space, with modular compartments to easily organise your provisions and travel longer with peace of mind.

Standard equipment

Chassis / Bodywork

EQUIPMENT

A large functional and ergonomic bathroom

The **VARIO** bathroom optimises every centimetre to offer a space that is both functional and comfortable. Thanks to its clever modular system, the shower and toilet area can easily be adapted to your needs. Compact and ergonomic, it ensures practical everyday use while maintaining true comfort, even while travelling.

The comfort of blown-air heating

TRUMA COMBI 4
(STANDARD)

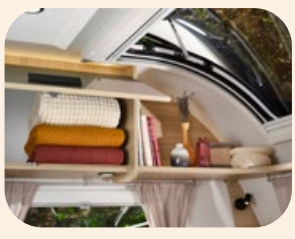

The Truma Combi 4 combines heating and water heating in one compact unit. With 4000 W of power, this gas blown-air heater provides fast and even warmth throughout your vehicle. Operating exclusively on gas, it ensures simple and efficient use, ideal for travelling. Thanks to its compact design, it integrates easily into small spaces while delivering optimal thermal comfort.

TRUMA 6E
(OPTION)

Thanks to the Arctic Pack, you can even benefit from up to 6000 W of power, with the possibility of operating on electric mains power.

A warm and thoughtfully designed interior

Immerse yourself in a natural atmosphere where the harmony of materials and colours invites you to escape. Our layouts offer a warm atmosphere with optimal brightness thanks to a large Skyview and a spacious U-shaped lounge.
